STORE ENLARGED.

Alexander Bros. & Co. Have Increased Their Business Facilities.

One of the greatest improvements recently made among business houses, is that of Alexander Bros. & Co. in their store room in the Wirt Building, next to the court house. An attractive and convenient office has been built in the rear of the room, and by the addition of more storage room they are enabled to handle more goods, and yet avoid the crowding in the main store room with which they have had to contend for some years. They now occupy the basement of the building, formerly used by F. M. Gilmore as a restaurant, and here they do the packing and shipping for their large wholesale trade. They also occupy two rooms in the *Sentinel* building for storage rooms, and these additional facilities enable them to handle their large stock of tobacco, cigars and confectionery in the most advantageous manner.

In 1878 Less Alexander and Charles Woodhouse opened a tobacco store in a small way in a room under the Opera House. They were young men of energy and enterprise and in a short time they built up a nice trade. In 1884 Mr. Woodhouse sold out his interest, and the firm of Alexander Bros. was established, consisting of Oscar and Less Alexander. Their business prospered and grew, and in a few years Mr. Lewis Cohen was added to the firm, and the name changed to Alexander Bros. & Co. Alexander Schwarz is also a member of the firm. They have four traveling salesmen constantly on the road, and with their clerks, packers and shippers, a teamster, and A. J. Williams book-keeper, about a dozen men are employed in the business. The firm has a cigar factory at Sinking Springs, Pa. where they make their well-known brands of cigars. Mr. Cohen spends several days each month at this factory.

The members of this firm are among our most progressive and public spirited citizens, and are ever ready to lend a helping hand to all movements that are intended to benefit the public and improve the town. Their handsome homes on Third and West streets have done much to beautify and improve that portion of the town. Such men are highly deserving of the success which has apparently followed them in their business affairs.

CELEBRATED THEIR VICTORY.

The Normal School boys celebrated Saturday's victory over Wyoming Seminary Monday evening, with a parade and bon fire. The Bloomsburg Band headed the line of shouting students, which traversed Main street from the Normal to Market Square, and back. The team occupied the exalted position in the parade, immediately back of the Band, all seated in the big Normal School delivery wagon.

Upon their return to the campus, Captain Tommy Hayes applied a match to the bon fire, which by the united work of the students, had been gathered and arranged in the afternoon. It represented ten loads of inflammable material, such as boxes, straw, and an old pine tree, which had died and fallen over in Normal Grove. Over this eight gallons of oil, donated by Prof. Albert, had been poured. On the very top of the mass was the Wyoming colors, blue and white. In an instant after the match was applied, the flames leaped up, making a blaze that illuminated the entire surroundings. It was a unique celebration, and one that will live in the minds of the students for many years to come.

More Changes at the Lackawanna Station.

There was more shifting at the Lackawanna station on Saturday afternoon. William Reninger who came here to take E. S. Fornwald's place in the ticket office was transferred to the freight department, and John L. Shoemaker going from the latter department into the ticket office. Mr. Reninger was previously stationed at Northumberland where he was in charge of the freight department. He was unfamiliar with the work of the ticket office, and requested that he be changed to the above position. He has been with the company for a number of years, and comes here very highly recommended.

CHRYSANTHEMUMS.

These Beautiful Flowers now in full Bloom.

A walk through J. L. Dillon's green houses just now discloses to the lover of flowers a scene that cannot be surpassed for beauty. Chrysanthemums, white, yellow, and pink, by the thousands, are now in full bloom. Two houses are devoted to their culture, and the beds combined are over 500 feet in length. There are numerous varieties of chrysanthemums, among the largest and latest being the Timothy Eaton. This flower measures seven inches across. The Wanamaker is also a large variety. Prices range from $1.50 to $3 00 a dozen according to size. Shipments are made from the Dillon Greenhouses all over the country, and during this month the demand for them is very great.

Notwithstanding the big trade in chrysanthemums, this flower is only a small part of the output of Mr. Dillon's plant. Many thousand feet of glass houses are devoted to carnations, geraniums, cannas, roses, and almost every conceivable plant that has beauty or fragrance. The Dillon houses are classed among the largest in the country, and their reputation is national. The growth of the business has been the result of Mr. Dillon's energy and his intelligent management. From a little hot bed of twenty-seven years ago, have grown his two great nests of buildings and Dillon's Greenhouses are among the things that have made Bloomsburg famous.

Howe's Pictures Please.

Lyman H. Howe's moving pictures pleased a large audience at the Opera House Tuesday evening. Moving pictures are no longer a novelty but their popularity has certainly not waned to any very great extent in Bloomsburg. Long before the doors were opened Tuesday evening, people crowded up the stairway and completely congested the entrance. Center street, from the Opera House doors up to the corner of Main, was blocked with people. It was nearly half past eight before the throng had gained admittance. Then there was considerable trouble about getting seats. It appears that there were two sets of tickets out. The ones sold before the chart or diagram opened were to have been changed at Bidleman's for a reserved seat ticket, but this was not explained and as a result the seats or a great many of them were sold twice and those who were late in getting in found that the seats which they had reserved and for which they held checks were occupied. It occasioned great annoyance, many were indignant and several left the house. Had there been anything on the tickets sold to the patrons and patronesses to indicate that they were to be exchanged for another ticket or had there been any explanation made, the trouble might all have been avoided.

As to the entertainment, it was easily up to the standard which Mr. Howe has established on his numerous previous visits to town. The pictures were all clear cut and nicely handled. While he has not succeeded in entirely obliterating the flicker, he has reduced it considerably and his pictures are probably as near perfection as it is possible to make them. Among the most notable numbers of the program were those in connection with the coronation of King Edward VII; on board an Oriental Railroad train; a thrilling fire rescue scene; fun on a deep sea fishing smack, and the series of magic pictures. The latter were particularly good and were loudly applauded.

The ladies who had the entertainment in charge are to be congratulated upon the success of their effort. There is always a great deal of labor involved in managing an entertainment of the sort, but they were amply repaid and the profits realized will be devoted to the public library.

Forty coils of wire consigned to the Irondale Electric Light, Heat & Power Company, arrived on Tuesday, and were stored in the rear of E. W. Ivey's grocery store. The store room as soon as Mr. Ivey can dispose of his stock and vacate, will be used by the new corporation. The arrival of the wire, together with other preparations that are being made, would seem to indicate that the company proposes to get the plant in operation at the earliest possible moment.

THE SCHOOL JOURNAL.

In establishing the *Columbia County School Journal* Superintendent Wm. W. Evans has undertaken a work that must prove of inestimable value to teachers, directors, and patrons of the public schools. It puts the Superintendent in close touch with them all, and puts teachers, directors and pupils in close touch with each other. If the Superintendent's venture can be supported, the *Journal* will be one of the most important steps ever taken by any county superintendent. There are helpful talks to all concerned, useful hints and suggestions to teachers, valuable selections on educational topics, and much else that is interesting. The teacher who needs no help from such publications as the *Journal*, is a finished product and ought not to be teaching a country school. He ought to be looking out for a job as city or state superintendent. Either this, or else he takes no interest in his profession, and is teaching only with an eye on the monthly pay-day. He has no desire to improve, and is not willing to expend the small sum necessary to provide himself with school helps.

Every teacher, and every family with children in the public schools, should have the *Columbia County School Journal*. Not merely for the sake of helping *it* along, but for the purpose of helping *themselves*. The Superintendent has undertaken the work alone, and is responsible for all expenses. He does not expect to make any profit on it, neither does he expect to expend a good portion of his salary, not any too large, for the benefit of the schools, if those who are intended to be benefited will not appreciate his efforts.

The price of the *Journal* is only 50 cents a year, and is edited and owned by W. W. Evans, Bloomsburg, Pa. Send in your subscription to him, and help a good cause.

Grand Concert.

Prominent vocalists from Wilkesbarre, Shickshinny and Philadelphia will assist Prof. O. H. Yetter in a first class musical to be rendered in the M. E. church on Friday evening, November 21st. Piano benefit for the Sunday school. Please keep this date in mind.

WYOMING SEMINARY OUTPOINTED.

Wyoming Seminary, Normal's long time rivals in athletic sports were walloped Saturday afternoon before a large and wildly enthusiastic assemblage on Normal Athletic Field. The game was a fine exhibition, and Normal's two touch downs were made only after the hardest kind of play. Wyoming put up a good article of foot ball, but made several costly fumbles. It would be invidious to name any particular star in the play of the visitors, they all did good work. The same is true of Normal. Every man entered the game with a determination to win, and they are all intitled to credit for the victory.

A very enjoyable feature of the game was the absolute fairness of the officials, Fred A. Godcharles of Lafayette, referee; and Charles Young of Cornell, umpire. Their decisions could not have been fairer.

The final score was Normal 12, Wyoming 0. The teams lined up as follows:

NORMAL.	Position.	WYOMING
Robison	left end	Cox
Putnam	left tackle	Smethers
Rooke	left guard	Labar
Rarich	centre	McCloskey
Evans	right guard	Williams
MacAvoy	right tackle	Lufkin
Shaffer	right end	Laurer
Hayes	quarter back	Hartman
Riland	left half back	Simons
Marcy	r'g't half back	Weatherwax
Ruloff	full back	Winters

Touchdowns — Ruloff, Riland. Goals from touchdowns—Ruloff 2. Umpire—Young, Cornell. Referee—Godcharles, Lafayette. Linemen—Russell, Wyoming; Fox, Normal. Timers—Taggart, Wyoming; Cope, Normal. Time of halves—twenty-five minutes.

Thieves are again at work in town. They relieved J. S. Woods' chicken coop of five nice hens Monday night. These midnight marauders have been very fortunate so far in the practice of their nefarious profession, but there is some cold lead awaiting them. A resident of the lower end of town who has missed several articles of late, has his shot gun in a handy place and he vows that when he shoots, it will be to hit.

NOTABLE GATHERING

New York Chamber of Commerce Dedicated.

PRESIDENT ROOSEVELT ATTENDS.

New Home of World Famed Organization Visited by Representatives of Many Nations—The Structure Described.

NEW YORK, Nov. 12.—The formal dedication of the splendid new building of the New York chamber of commerce took place in the presence of great crowds and with imposing ceremonies dignified by the attendance of scores of world known sponsors. These included President Theodore Roosevelt, ex-President Grover Cleveland, Governor Odell, Mayor Low, representing the national, state and city governments; great men of the financial and business world—J. Pierpont Morgan, John D. Rockefeller, Morris K. Jesup, Cornelius N. Bliss and Levi P. Morton—Bishop Potter and the Rev. Dr. Morgan Dix and special delegates from the British, German and French governments. The bar, the army and navy, arts and letters, education and science were all amply represented, making a galaxy of famous men such as had not been gathered together in a long time.

Of the foreign representatives Sir Albert Kaye Rollit and Sir Vincent Kennett-Barrington were sent by King Edward, Prince Henry of Pless by Kaiser

MORRIS K. JESUP.

Wilhelm and Count Raoul Chandon de Brialles by President Loubet of France. Other delegates to the dedication were sent by the lesser powers.

President Jesup made the opening address, reviewing with justifiable pride the great progress made by the United States in its commerce and the part played by the chamber since its inception in 1768.

President Roosevelt followed, speaking for the nation. His eulogistic address was loudly cheered. People stood on chairs and waved handkerchiefs, ending with three cheers and a tiger.

Mayor Low then spoke for the city.

The principal oration of the day was that of ex-President Cleveland. He recalled the commercial, maritime, financial and industrial development of the city, state and nation through the efforts of the chamber of commerce and closed with a glowing tribute to the members of the chamber of the past and present.

A ceremonial luncheon lasting an hour followed, in which more than 1,000 guests participated. The exercises were then adjourned until evening, when there was a magnificent banquet at the Waldorf-Astoria.

The new building on Liberty street is the first real home of the chamber of commerce, as it is the first one the chamber has ever owned. From Fraunce's tavern, in 1768, the organization has been housed in cramped and inadequate quarters in many different places in the business section. From its first meeting place in the old tavern, where the merchants paid "a shilling apiece" for rent, to the fine edifice on Liberty street seems no far cry, and the institution reached nearly its sesquicentennial before completing the journey.

The cornerstone of the new Chamber of Commerce was laid a year ago last Saturday. The site and building cost more than $1,000,000.

Morris K. Jesup was the largest individual subscriber, giving $51,000. J. Pierpont Morgan and John D. Rockefeller each gave $50,000. Cornelius Vanderbilt, D. Willis James, Kuhn, Loeb & Co., John S. Kennedy, William E. Dodge, S. D. Babcock and Andrew Carnegie contributed $25,000 apiece. Mayor Low gave $5,000 and Bird S. Coler $1,000.

The building is of white Vermont marble, with a white granite base. The design is classical, and, considering the limitations of the site, architects pronounce it a superb piece of work.

Postmaster Seventy-four Years.

ITHACA, N. Y., Nov. 8.—Roswell Beardsley of North Lansing, who was the oldest postmaster in point of service in the United States, having held that position for seventy-four years, is dead at his home in that place at the age of ninety-three years. He came to North Lansing when a boy of nineteen and was at once made postmaster. He was a director of the Tompkins County National bank at Ithaca at the time of his death.

Ground Broken For New Capitol.

HARRISBURG, Pa., Nov. 8.—Ground for the new state capitol was broken yesterday by Joseph M. Huston, who designed the building, in the presence of the contractors, George F. Payne & Co. of Philadelphia, and their assistants. The building will cost $4,000,000 and will be completed in January, 1906

BRIDGE NOT MUCH HURT.

Flames Did Not Injure Big Cables In New East River Structure.

NEW YORK, Nov. 12.—The new East river bridge suffered comparatively little damage from the fire which swept over it. The loss is estimated at between $50,000 and $75,000.

According to Charles G. Roebling, who represents the company which has charge of the cable work and must stand the loss, not one of the four great cables was injured. Only three months will be lost by the builders as a result of the fire.

The men who were missing at first and were believed to have met death reported for work yesterday morning. Kingsley L. Martin, in charge of the steel construction, said that as far as he knew no lives were lost.

The loss sustained by the Pennsylvania Steel company was $500 in the destruction of material which was stored on top of the Manhattan tower.

Flames destroyed all the woodwork on the new East river bridge, burning the temporary footbridge and destroying all the cables except the four main ones.

During the fire a rain of redhot bolts, nuts, clamps and blazing beams from the footbridge fell into the river and on the land near the bridge. Bolts and pieces of iron fell in the streets two or three blocks away, and in some cases fell into nearby buildings.

The blaze began in a tool shed and storehouse on the very top of the south side of the tower, where were a number of small casks of oil, bunches of cotton waste and tar, with other stuff of a highly inflammable nature.

THE PRESIDENT'S TRIP.

Roosevelt's Southern Itinerary Made Public.

WASHINGTON, Nov. 11.—After attending the exercises and banquet in connection with the dedication of the new Chamber of Commerce building in New York today President Roosevelt will leave that city on a special train over the Pennsylvania railroad for Memphis, Tenn., going by way of Pittsburg, Cincinnati and Louisville and arriving at Memphis on Thursday morning.

From Memphis the president will go to Mississippi on a bear hunt as the guest of President Fish of the Illinois Central railroad. He will be absent on the hunt five days. No itinerary of that part of the trip is made public. Indeed, it would be impossible at this time to indicate even approximately the route to be followed by the president after he leaves Memphis.

The president will return to Memphis on the morning of Wednesday, the 19th inst., and during that day and evening will participate in the celebration in honor of General Luke Wright, vice governor of the Philippines. He will deliver a speech on that occasion.

At midnight of the 19th the president and his party will start for Washington, arriving here on the morning of Friday, the 21st inst. That day will be spent here. On the morning of the 22d the president will go to Philadelphia to attend the exercises of Founders' day, returning again to Washington on the morning of the 23d inst.

DOUKHOBORS SENT HOME.

Fanatics' March Stopped by Canadian Authorities.

MINNEDOSA, Man., Nov. 10.—After one of the most exciting incidents in the history of the northwest the Doukhobor fanatics have been forcibly entrained, loaded in cars like cattle and were guarded by a large detachment of mounted police, who were kept busy preventing the Russians from throwing themselves from the car windows.

A military special of ten coaches left here with the army and unloaded it at Yorkton. Then the mounted police began to drive the Doukhobors to their northern villages. This has been one of the most remarkable experiences in Canadian history.

The Doukhobors have been living on wheat and raw oatmeal. On the train small quantities of bread were thrown to them. Only about twenty out of 500 escaped, and they are on the prairie in a temperature that means death to them. The action taken was on instruction of the federal government, which said the pilgrims must be sent home if they had to be carried.

Bankers In Session.

NEW ORLEANS, Nov. 12.—The twenty-eighth annual convention of the American Bankers' association has assembled in Tulane hall for a three days' session. This is believed to be the largest meeting of the association ever held. Fifteen hundred delegates have registered at headquarters in addition to nearly 500 visitors and ladies. Seven special trains, a dozen private cars and every regular train for the past three days has brought the crowds.

Dove Fifty Feet to Save a Man.

CLEVELAND, O., Nov. 11.—John Perew dove fifty feet and rescued a drowning man here. John Dugan fell from a boat at the Pittsburg Coal company's plant. Perew was at work on the machinery fifty feet above the water. Dugan was going down for the third time. Perew sprang and cleared the boat. He seized Dugan just in time. The men were hauled on board, the water was pumped out of Dugan, and he revived.

Cannon Indorsed For Speaker.

CHICAGO, Nov. 11.—A majority of the Illinois delegation to congress gathered here and indorsed Congressmen Cannon of the Eighteenth Illinois district for speaker of the United States house of representatives to succeed Speaker Henderson. A committee, with Congressman Mann as chairman, was appointed to further Cannon's interests. Headquarters will be opened in Chicago.

MOLINEUX SET FREE

Jury In Famous Case Out Only Thirty Minutes.

UNANIMOUS VOTE FOR ACQUITTAL.

After Four Years of Prison Life the Young Man Returns to His Father's Home Amid Great Rejoicing.

NEW YORK, Nov. 12.—Roland B. Molineux, freed of the charge of murder, was the object of a most remarkable demonstration of public sympathy. From the Tombs prison to his father's home in Brooklyn he was cheered at every step by crowds which followed the carriage containing him and his father and which gathered at every street corner.

It took the jury which tried Molineux for the murder of Mrs. Katherine J. Adams only about four minutes to reach a verdict of acquittal yesterday afternoon.

Only one ballot was taken, and then word was sent to Judge Lambert that a verdict had been reached. But the judge had left the bench and others in the court had scattered, and it was half an hour after the jury retired that the foreman solemnly pronounced the words "Not guilty!" The jury was out just thirty minutes.

Molineux seemed speechless with joy. As his father, brother, counsel and friends crowded around him and congratulated him he could not articulate his thanks. His aged father was delirious with joy. The judge had previously warned those in the courtroom against a demonstration.

Mrs. Molineux was elated over the news when it was conveyed to her.

Assistant District Attorney Osborne would not talk about the verdict, but the foreman of the jury said it was unanimous on the first ballot.

After the verdict former Governor Black was given an ovation by the crowds. They nearly carried him off his feet trying to shake his hand and congratulate him.

The result was not a surprise, as the charge of the judge gave a fair indication of the way the verdict would go.

The jury went out at 3:15. For nearly two hours Judge Lambert had addressed them. He laid stress on two points in the testimony—one that the prosecution had never clearly proved that Molineux had the famous bottle holder in his possession and the other that the prosecution had not clearly established the connection of the prisoner with the poison package.

He, however, directed careful consideration of the fact that there had been bitter feeling between the prisoner and Cornish and directed that the testimony as to the similarity of the admitted specimens of the Molineux writing and those on the poison package must be considered.

All through the charge the court referred to the defendant as "Mr." Molineux. With few exceptions he referred to Harry Cornish as "that man Cornish."

Colorado to Connecticut In Wagon.

MILFORD, Conn., Nov. 11.—George E. Fitzsimmons has arrived at his old home here in a prairie wagon from Colorado City, which place he left on the morning of July 4. Mr. Fitzsimmons left here in May, 1901, with his wife and three children for the west because of his wife's ill health. When she had recovered, the trip east in a wagon was begun. When Fort Madison, Ia., was reached, Mrs. Fitzsimmons and the children left the wagon because of the cold nights and made the rest of the trip by rail. A pair of horses made the entire trip and were in good condition at the finish.

A River Discovered.

OTTAWA, Ont., Nov. 8.—W. J. Wilson, an explorer of the Canadian geological survey, has returned with his party from a tour through the unexplored country to the southwest of James bay. Mr. Wilson reports the discovery of a large river hitherto unsurveyed and running between the Albany river on the south and the Ottawapicket river on the north. The newly discovered river has a course of over 300 miles and near James bay divides into two branches, emptying into Hudson bay. Several new lakes also were discovered by the exploring party.

Mason's Discharge Ordered.

CAMBRIDGE, Mass., Nov. 12.—The discharge of Alan G. Mason, the Boston clubman accused of the murder of Clara A. Morton at Waverley a week ago last Saturday night, has been ordered by Judge Charles Almy of the Third district court of eastern Middlesex. The government lawyer said that an investigation had failed to disclose evidence sufficient to hold the accused man, and the court at once announced the failure to find probable cause and ordered the discharge of Mason.

Praise For the "Scab."

BOSTON, Nov. 11.—It was a great surprise to the members of the Economic club of Boston at their banquet to hear President Eliot of Harvard denounce the labor unions of the country as opposed to the education of young men and what he termed "their fight against the development of manly instincts." In closing he characterized the strike breaker or "scab," as he called him, as "a good type of the American hero."

An Unpublished Treaty.

WASHINGTON, Nov. 7.—By a queer oversight an extradition treaty between the United States and Guatemala made twelve years ago has remained unproclaimed and so inoperative up to the present time. Arrangements are being made for its mutual proclamation at an early day.

Silver Dollars Full Tender.

The efficacy of the silver dollar as a legal tender was on Monday affirmed by the United States Supreme court in an opinion handed down by Chief Justice Fuller. The effect of the decision is that silver dollars without limit must be accepted in payment of legal obligations.

Stephen Baldwin, of Oakland, Mich., tendered Fred A. Baker 330 silver dollars in payment of a promissory note secured by mortgage. The tender was refused on the ground that the legal tender provision of the act of 1878 in unconstitutional. Baldwin entered suit to compel acceptance of the money. The lower courts decided in his favor and these decisions have now been affirmed by the supreme court.

Knife Blade in His Brain.

Taken From a Man's Head After Twenty-two Years.

After having carried a knife blade an inch and a quarter in length in his brain for twenty-two years P. J. Kent, of New York, has undergone a successful operation for its removal.

The blade had been broken off in the skull and the point had been all these years imbedded squarely in the brain. Since the injury had been received Mr. Kent had suffered from epileptic seizures. The physicians who preformed the operation say the patient will recover full control of his muscles.

Mr. Kent was attacked when 16 years old by a stranger, who stabbed him on the frontal bone. Shortly after the injury had been inflicted he was seized with dizziness and convulsions and became an invalid.

Will Graft a Pig's Skin on Girl's Back.

To save the life of a ten-year-old girl, who was burned by a fall into an open fire, the experiment of grafting on her back part of a pig's skin will be made at the Virginia hospital, at Richmond, on Saturday by Dr. Stewart McGuire.

The mother was asked to give some of her skin to assist nature in restoring the child, but as she is poor and it would require a month in bed and from work, she could not do it. Other relatives of the child were asked to aid, but declined. Attempts to get part of a healthy arm or leg after amputation failed, and inmates of the jail and penitentiary would not agree to part with any of their cuticle.

The result of an experiment with a pig's skin will be watched with great interest. The order for a healthy young pig has already been given. A space about ten or twelve inches square on the child's back must be covered to save her.

Is Unquestionably True.

"If every man went to church and if every man who attended church put a dollar in the collection plate, every church in the land would soon be free from debt," says one of our church goers. That is unquestionably true, but there are many who attend church who could not afford to put more than a nickle or a dime in the plate and if they would do this there are very few churches in the land that would not in due time be entirely free from debt. The trouble in this matter is that so many persons go to church who do not put anything in the plate and so many by a desperate effort manage to drop in the smallest coin they can manage to get hold of. Unfortunately, giving forms a very small part of too many Christians' worship.

Have You Seen the Comet?

The comet, which can now be seen with the naked eye if you know its locality in space, is traveling along the milky way and between 7 and 8 p. m. may be found in a southwest direction from the zenith, not far from Altair, which is now the highest star in the southern section of the heavens. The appearance of the comet is like a small round milky spot.

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

THE OLDEST NEWSBOY.

Although 93 Years of Age He Rises Every Morning at Four to Meet Early Trains.

A familiar figure seen around the Chicago & Alton depot at Joliet, Ill., every morning when the Kansas City train arrives at 6:55 a. m., is the oldest newsboy (or rather newsman) in the United States. Mr. Orsamus Page has been selling newspapers in Joliet since the world's fair, in 1893, never missing a single day, or failing to meet the early trains. Page was born in 1809, being 93 years of age, and retains his vigor to such an extent that he is able to rise every morning at four o'clock and deliver 30 or 40 papers before the early train arrives. This is

(He Is Probably the Oldest Newsman in the United States.)

particularly remarkable, from the fact that this "newsboy" has but one leg. Mr. Page comes from very long-lived parents and grandparents—his father dying at 89, his mother at 98, while his grandfather lived to be 102, and his grandmother 105.

He began life as a farmer, then engaged in driving stock east from Iowa, as early as 1848. He then turned his attention to railroad work, and had several contracts for grading on the Chicago & Alton railway, near Springfield, Ill., in 1857. After working a number of years on the railway, he again went to farming, and it was at this time that he lost his leg, it being crushed in a threshing machine.

Just before "retiring" to sell newspapers, by which means he is able to support his family, he was engaged in selling coal at Joliet.

WILL RELIEVE CHAFFEE.

Gen. George W. Davis Designated Commander of American Army in the Philippines.

When Gen. Adna R. Chaffee is relieved of the chief command of the American forces in the Philippines he will be succeeded by an officer amply competent to fill the position. The coming new commander is Gen. George Whitefield Davis, who was promoted some time ago to be major general. Gen. Davis, who is 63 years old, will have but nine months to serve as head of the army in the archipelago, as he will be retired for age in July, 1903. The general is one of our successful soldiers who never had a West Point education. He enlisted in the volunteers during the first year of the

civil war and in 1866 was mustered out with the rank of major. The next year he secured a captaincy in the regular army, and from that time until the Spanish-American war his advancement was slow. He made a reputation, however, as an engineer. On the outbreak of the conflict with Spain he was appointed a brigadier general of volunteers and was elevated to the like rank in the regular service in 1900. He was military governor of Porto Rico in 1899-1900 and made a good record in that post. He is the author of several monographs on Porto Rico. Gen. Davis was ordered from Porto Rico to the Philippines, where his work has been highly commendable.

Dead Head Mail Matter.

It was disclosed by examinations made in the Washington city post office, covering a period of about two and a half months, that 979,820 pieces of paid matter and 5,900,000 pieces of unpaid (or "franked") matter of all classes went through, the unpaid matter on some days running as high as 135,000, 127,000, 126,000, 125,000 and 122,000 pieces, while the percentage per day would often go to about 90, crawling up as high as 93 per cent. on a single day, and averaging 85¾ per cent. every day.

Increase of Pensioners.

Legislation enacted by the last congress will result in at least 10,000 new pensioners.

WASHINGTON.

From our Regular Correspondent.

Washington, November 10, 1902.

Chairman Griggs last night conceded the defeat of the democrats and the election of a republican House. The figures, as he gave them, were 183 democrats positively elected, 6 doubtful and 194 republican. Even counting the republican majority at 26, the estimate made by chairman Babcock, it will be seen that the democrats have secured their half of the 29 new members elected because of increased apportionment and have reduced the republican majority from 47 to 26. It is confidentially believed that there were more democratic votes poled in New York state than there were republicans. All during the early part of the evening of election day the returns indicated that Coler was elected Governor of New York and it was then noticed, by the shrewd watchers, that returns suddenly ceased to be received from up state. Later, according to the claims of the democrats in Washington, the upstate republicans fixed the Odel majority at the figures necessary to carry the state. They are in control of all the election machinery in the state and it would have been a very simple matter for them to alter the tally sheets sufficiently to pull Odel through. However, the republicans have won this time and there is nothing to do but watch and wait for 1904.

***

It will be remembered that early in the campaign Senator Vest expressed the belief that it would be better for the democrats to let the republicans win this year and the same belief has been expressed by many republicans. With comfortable working majorities in both houses of Congress, there will be no possibility of shifting the responsibility for failure to act, on the democrats. The republican candidates and the members of the administration have made numerous pledges to the country which they now have an opportunity of fullfilling and if they do not, and it is safe to predict they will not, the reckoning in 1904 will be appalling. The people have believed the statements of republican campaign orators that the tariff on trust made goods would be "revised by its friends," that legislation enabling the Federal Government to regulate the trusts would be enacted, and that the financial system of the country would be so corrected as to render unnecessary the prostitution of the Treasury into a money lender every few months. The people will now sit in judgment and the way of the republican leaders will not be an easy one.

***

Now that the elections are concluded it is announced that the press report that the army in the Philippines is to be reduced to 9,000 or 10,000 men is not warranted. Seventeen thousand men are to be kept to garrison the islands in addition to the 7,000 native constabulary, making a total military force of 24,000 men. Various excuses are advanced as reasons for the continuance of so large a force in the archipelago, among them, the advisability of being in a position to adopt the defensive in the event of any international trouble in the Orient.

***

Further developments in regard to the Anthracite Coal Strike Commission are looked for daily, now that the elections are over. The press correspondents with the Commission state that the Commissioners are already expressing surprise that they have heard nothing from the independent operators whom they have invited to submit their difficulties to the Commission and the refusal of the independent operators to be party to the arbitration is likely to be made known at any time. The result, it is feared, will be to invalidate the work for which the Commission has been called into existence and thus the solution of the coal strike accomplished by the President with such a blaze of glory will end in a fiasco.

***

Considerable criticism of the "renovation" of the White House, which has been so completely superintended by the President, is beginning to be heard. The original specifications provided for a total expense of $205,000. It now transpires that an expense of $540,000 has been incurred. And the office building of the President is not fire proof and is not even commodious. It is unsightly and so little care was exercised in its supervision that when practically complete it was discovered that no place had been left for the installation of a heating plant. That has now been remedied but in a way that has given rise to fear that the building may not meet with the approval of the underwriters. It was claimed that the White House was to be "renovated" and that none of its historical features were to be interfered with. As a matter of fact one entire wall has been torn out. The staircase down which Presidents and their parties have come for many years on the occasion of their state receptions has been removed. A great window in the west end has been converted into a fireplace and the exterior of the building is to be materially changed. The renovation which is almost a rebuilding will last for many months more and when completed will have been on a scale undreamed of by the Congress which made the first authorization. In the oval library, where President Johnson first held his Cabinet meetings, is a tablet which incorrectly states that Grant was the first to hold cabinet meetings there. The mosaic floor which President Harrison caused to be put in the front corridor, and which contained a spead eagle, has been removed and replaced with white marble, thus destroying ing one most prominent souvenir of the Harrison administration.

***

Gen. A. W. Greely, chief signal officer of the army, has just issued his annual report in which he gives an interesting account of the telegraphic service installed by his corps in Alaska. Eleven hundred and twenty-one miles of telegraph and cable lines have been placed in position and brought into actual use in the territory during the past two years. This installation involved the hauling of heavy material and tools over almost impassable roads in a climate often trying in the extreme and Gen. Greely regards it as an accomplishment of which he and his men may well be proud.

Consumption

Salt pork is a famous old-fashioned remedy for consumption. "Eat plenty of pork," was the advice to the consumptive 50 and 100 years ago.

Salt pork is good if a man can stomach it. The idea behind it is that fat is the food the consumptive needs most.

Scott's Emulsion is the modern method of feeding fat to the consumptive. Pork is too rough for sensitive stomachs. Scott's Emulsion is the most refined of fats, especially prepared for easy digestion.

Feeding him fat in this way, which is often the only way, is half the battle, but Scott's Emulsion does more than that. There is something about the combination of cod liver oil and hypophosphites in Scott's Emulsion that puts new life into the weak parts and has a special action on the diseased lungs.

A sample will be sent free upon request.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

TO THE VOTERS OF COLUMBIA COUNTY.

For three years I have been the Chairman of the Democratic party of this county and during that time I spent my time and money for the success of it. I have always been loyal to the Democratic party and its candidates. It is a feeling of gratitude that I can say that my duty to the party has always been performed without fear or favor and for the best of interest of the whole party.

During the time I was Chairman of the Democratic party no democratic nominee of this county met defeat at the polls. This I attribute to the fact that I always turned a deaf ear to the Benedict Arnolds and party wreckers and I am sorry to say that the party contains far too many of them. It would no doubt be interesting reading to the voters to know of all the unfair deals and party wreckers' suggestions but for the present purpose I deem it but necessary to call your attention to one of their vicious schemes.

It is almost beyond the belief of any one to know how many schemes are devised by these party roosters to defeat men who have been honestly nominated and sometimes even try to defeat the will of the people after the nominations are made.

The vicious scheme to which I want to call your attention at this time is the circulation over this county of the evidence on the part of W. H. Fisher in his contest case; only the evidence on the part of Fisher was printed. Let me ask why did these party wreckers not publish the whole evidence?

Because they cannot be fair. The whole matter was set up against your county chairman because he was honest with you and stood by the nominations you made with the ballots at the primary election.

I most emphatically deny that I ever made the declaration that the ballots were printed for the purpose of defeating W. H. Fisher or any other candidates. The ballots were printed just as they were for the former primary election under the same rules as amended, and they were printed as I understood the rules and as I understood them after consulting older members of my profession.

The evidence circulated concerning the Fisher contest if you will read it as a whole will disclose to you that it was not for the purpose of placing W. H. Fisher on the ticket but for the purpose of accomplishing my defeat. This was most unfair and you will be willing to concede it. I am quite sure that this job would not have been set up against me if I could have been used by the Benedict Arnolds of the Democratic party of this county, but I made the declaration in the face of all requests, "Whoever is nominated at the primary election will so be returned to the convention." "I will be no party to defraud any man out of his nomination."

It was because I was loyal to you in carrying out the wishes of your ballots that I was the victim of defeat.

For this I have nothing to regret because I know that I performed my duty and nothing but that.

Fellow voters, money was offered to me for blank election returns between the primary election on June 7th and the convention on June 10th. I immediately took all the unused election supplies, placed them in the vault of the Bloomsburg National Bank where they remained until after the convention.

If anyone wants to verify this inquire of the officers of this Bank. It was for the refusal of your county chairman to become a traitor to his party and its nominees that he was defeated. But let me say to you that I would rather be defeated than to stand in the shoes of any one of the Benedict Arnolds of the Democratic party who brought it about.

With all the money, deals, Quayhenchmen, Benedict Arnolds of democracy and all the lies, and slanders circulated about me I was defeated by the small majority of 154 votes.

Notwithstanding my defeat I congratulate the democracy of Columbia county that 3212 voters gave me their loyal support.

In conclusion I want to say that I do not make this statement because I was defeated; but because I want to make the citizens of this county feel that honest men must begin to do something in the direction of displacing from the political chess-board of this county these party roosters and all those who become their tools.

Is it not time to act when man's private and professional characters are being attacked because they cannot be used for unfair political purposes?

I have been informed by a number of my friends that all kinds of lies, slanders and vicious stories were told about me especially on the south side of the river. If the people would have stopped to think for themselves and asked these political pirates how much they were getting for their dirty work it might have put the blush of shame on some of their faces.

Men who lend themselves to such a purpose as this I consider to be a dangerous class of citizens in any community. I hold these men to rob their neighbor of his best property, his character; for he who goes about and talks ill of his neighbor is a man without a character, he is a man a type of his own; but in reality he is less than nothing.

Let me just add that he who goes about talking ill of others is after your pocket-book. Watch him. He who boasts about his character and religion has neither.

I desire to thank all my friends for their loyal support and I will promise to them that I shall always be found supporting my party and its candidates.

Very respectfully,
CHRISTIAN A. SMALL.

Catawissa, Pa., November 10th, 1902.

Read Your Home Paper.

The local paper should be found in every home. No children should grow up ignorant who can be taught to appreciate the home paper. It is said to be the stepping stone of intelligence in all those matters not to be learned in books. Give your children a foreign paper which contains not one word about any person, place or thing, which they ever saw or perhaps ever heard of, and how could you expect them to be interested? But let them have the home paper and read of people whom they meet and of places with which they are familiar, and soon an interest is awakened which increases with every arrival of the local paper. Thus a habit of reading is formed and those children will read the papers all their lives, and become intelligent men and women and a credit to their ancestors and strong in the knowledge of the world as it is today.

THE OFFICIAL VOTE FOR CONGRESS.

Billmeyer Leads Lord 2515 Votes.—Dickerman's Majority Over Godcharles is 848.

The return judges of this Congressional district met at Suubury on Tuesday. Columbia county was represented at the meeting by D. R. Coffman. The other representations were: J. C. Pifer, Montour; J. Dolan, Northumberland, and F. N. Meylert, Sullivan. The official vote as computed by the judges, is as follows:

FOR FULL TERM.

Montour — Godcharles 1391, Dickerman 1606, Harman 63.

Columbia — Godcharles 2817, Dickerman 4080, Harman 293.

Sullivan—Godcharles 1220, Dickerman 1217, Harman 63.

Northumberland—Godcharles 7743, Dickerman 7116, Harman 286.

Totals—Godcharles 13,171, Dickerman 14,019, Harman 705.

Dickerman's majority in the district over Godcharles is 848.

FOR SHORT TERM.

For the unexpired term of Hon. Rufus K. Polk this vote was cast:

Montour—Billmeyer 1896, Lord 1082.

Columbia—Billmeyer 4327, Lord 2430.

Sullivan—Billmeyer 1247, Lord 1168.

Northumberland—Billmeyer 7188, Lord 7463.

Totals—Billmeyer 14,658, Lord 12,143.

Billmeyer's majority over Lord is 2515.

Bishop's Gloomy View.

Head of Indiana Episcopal Diocese Declares Conditions Border on Anarchism.

Conditions almost anarchistic prevail in the United States, according to Bishop John H. White, of the Episcopal diocese of Northern Indiana. In a sermon at Grace church, Chicago, on Sunday, he declared that the American people had forgotten their duties in a mad rush for wealth and fame.

"It is every man for himself," he declared. "The typical American is heedless of how he achieves his end. Those that come in his way are trampled upon or pushed aside. It is this lack of respect for the wishes and rights of others that has brought about conditions in this country that border on the anarchistic."

Irreverence, declared Bishop White, was responsible for the existing evil conditions. He declared that the American education tended to create irreverence and that the strenuousity of American life had the effect of increasing the irreverent spirit.

"Our institutions," said the bishop, "have had such a rapid growth and our progress has been so wonderful that we are filled with an admiration of ourselves that surpasses our admiration for anything else."

Big Fire at Picture Rocks.

The enterprising village of Picture Rocks, Lycoming county, suffered a disastrous fire early Sunday morning, the large general store of S. H. Burrows Brothers & Company being completely destroyed. The flames were discovered shortly before five o'clock, and made such headway that only a small portion of the effects were saved.

The loss is estimated at from $6,000 to $8,000, and the insurance is about $5,000, with the A. D. Lundy agency, Williamsport. The building was a large two-story frame, with slate roof, and the upper floor was occupied as a dwelling.

The firm carried a large general stock. The origin of the fire is supposed to have been a defective flue.

Colds

"I had a terrible cold and could hardly breathe. I then tried Ayer's Cherry Pectoral, and it gave me immediate relief."
W. C. Layton, Sidell, Ill.

How will your cough be tonight? Worse, probably. For it's first a cold, then a cough, then bronchitis or pneumonia, and at last consumption. Coughs always tend downward. Stop this downward tendency by taking Ayer's Cherry Pectoral.

Get the Most Out of Your Food

You don't and can't if your stomach is weak. A weak stomach does not digest all that is ordinarily taken into it. It gets tired easily, and what it fails to digest is wasted.

Among the signs of a weak stomach are uneasiness after eating, fits of nervous headache, and disagreeable belching.

"I have taken Hood's Sarsaparilla at different times for stomach troubles, and a run down condition of the system, and have been greatly benefited by its use. I would not be without it in my family. I am troubled especially in summer with weak stomach and nausea and find Hood's Sarsaparilla invaluable." E. B. HICKMAN, W. Chester, Pa.

A DASTARDLY CRIME.

What to all appearances, was an attempt to disfigure for life, if actual murder was not premeditated, was made on Frank Edwards, a young man in the employ of the Leader Store Company, on Friday. During the day some one entered the house, and going to the closet where his clothes were hanging poured vitriol in the pockets of three suits and an overcoat. He wore the overcoat in the evening, and on putting his hands in the pockets had them badly burned. He hastily took it off, and examining the garment found that the pockets had been literally soaked with the acid. When he arrived home later in the evening he discovered that three suits had been saturated with the acid and practically ruined.

Edwards admits that threats have been made against him, but refuses to disclose the names of the parties.

The United Telephone Company is arranging for the extension of its line to Iola.

Robt. Buckingham Esq. is spending a few weeks with his brother Dr. Hugh Buckingham at Mahaffy, Indiana county,

William Guernsey of Wilkes Barre, the piano tuner, will be in town next week. Orders may be left at this office.

Louise Ritter, the other twin child of Mr and Mrs. Robt. E. Hartman died on Monday of whooping cough and a complication of diseases. The funeral, which was private, was held Tuesday.

On Thanksgiving evening the P. O. S. of A. and ladies of Iola will serve a chicken and waffle supper in the Hall at Iola, the proceeds for the benefit of Abel Hartman and family who lost everything by fire. The old gentleman is 82 years of age, an old soldier.

L. P. Kline has presented a bell to the M. E. church ot Millville. It will be rung for the first time on Sunday morning when the fifth anniversary of the church will be held. The pastor, Rev. C. W. Rishell, will be assisted by Rev. G. V. Savage.

THE SHOW OF OUTER GARMENTS.

You are invited to attend this showing of handsome ready-to-wear apparel. You are invited to investigate the styles, to note the materials, the fit, the finish of this representative collection. You are invited to buy, if so disposed, and what you buy will be right in every particular.

Monte Carlo Coats, Raglans, Tailored Suits, Walking Skirts and Children's Garments.

Walking Skirts

The utility of walking skirts is beyond question. This season's styles eclipse all previous efforts in skirt building. These prices are 20 per cent. to 50 per cent. lower than the real value.

$5.98 and $7.50 Walking Skirts at $4.98.

$8.50 Walking Skirts at $6.50.

10.00 Walking Skirts at $7.50.

Ladies' Jackets

The Monte Carlo Jacket 45in. long are the newest coats for ladies, but the 27in. half fitting are the staple coats, they will sell until the last of the season.

Ladies' Monte Carlo Jacket 45in. long, $12.50.

Ladies' Monte Carlo Jacket, 27in. long $10.50.

27in. Ladies' half fitting coat, $5.00 to $22.00.

We show a big assortment of Misses Jackets in all lengths used this season. Price $5.00 to $12.00.

Tailor Made Suits

There should be some very active suit selling during this week. The price has been cut nearly in half on Colored Tailor Made Suits, $11.00, $11.50 and $12.00 reduced to $7.98.

The Misses and Children's Garments

Don't think we ever made as fine a showing of these items as now, and we feel confident in our ability to please the most fastidious taste. Prices 3.50 to 10.00.

Stylish Raglans

The Raglans are the stylish thing in long coats; the Raglan showing of this season is now at its best, a price choosing time.

Children's Raglans, 10 and 12 years, $5.00 to $7.75.

Misses' Raglans, 15 and 18 years, $8.50.

Ladies' Raglans $10.00.

FURNITURE DEPARTMENT.

The Furniture Store is on the second floor, you will find each piece priced with a blue tag. We invite you to come and go through it and see what a FINE BIG ASSORTMENT we carry and see how LOW it is PRICED.

Why Can't I Get PURE SPICES?

How often you hear this question asked.

You Can if You go to RISHTON'S DRUG STORE!

I just received this week from Gilpin Langdon & Co., of Baltimore, who lead the world in PURE DRUGS and SPICES a consignment of spices put up in 2oz., 4oz. and 1 pound tin boxes, which they guarantee on every box as being absolutely pure and the very best.

The price is very little higher than the common truck sold as spices, but they are cheaper in the end because so much stronger. Come in and see them and get a book on spices.

We have the following kinds:

Allspice,	English Mustard,
Cininamon,	Jamaca Ginger,
Cloves,	African Ginger,
Red Pepper,	Mace,
Paprika Pepper,	Sweet Margerum,
White Pepper,	Garden Sage,
Black Pepper,	Turkey Dressing.

One of Bloomsburg's most prominent young men drove to Danville recently with a lady friend, and after taking supper at the Montour House, returned home again. When he reached the livery stable he was informed that the horse he brought back was not the one he went down with. The hostler at Danville had given him somebody else's horse. The liveryman here got matters arranged so that there was no arrest for horse stealing.

A young man, one of the number of rooters who accompanied the Wyoming foot ball team to town on Saturday, caused quite an excitement at the close of the game by stealing the Normal colors from a student. In the attempt to regain it the flag was torn and the fellow, with a piece of it in his possession took to his heels and ran down town. He was hotly pursued by some Normalites and given a good trouncing. Three or four others of the visiting contingent were also roughly handled. The lesson taught them was one which they are not likely to forget very soon.

PURELY PERSONAL

Ben Gidding went to Mt. Carmel yesterday.

W. H. Coffman spent Sunday with friends at Wilkesbarre and Kingston.

J. L. Dillon is in Philadelphia this week, attending the annual chrysanthemum show.

Harry Ritchie witnessed Lincoln J. Carter's "The Darkest Hour" at Danville last night.

T. W. Nichols, of the Canning Company, is back from Philadelphia, where he spent the past two weeks.

Edward Eyer of Philadelphia visited his parents Mr. and Mrs. F. C. Eyer on North Market street this week.

Deputy postmaster Edwin Ent spent Sunday with his wife, who is visiting her former home in Weatherly, Pa.

George W. Mears and wife of Rupert, and C. S. Furman of Bloomsburg attended the reunion of the Legion of Honor at Philadelphia last week.

Joseph Hendler of Wilkes Barre, was in town on Monday. Mr. Hendler was the contractor for the stone work on the river bridge here a few years ago.

Oscar Lowenberg is at the Miners' Hospital at Fountain Springs, where he underwent an operation for a split knee cap a couple of weeks ago. Dr. Biddle performed the operation. The knee was opened and the broken cap drawn together with wire. Oscar is greatly pleased with his treatment, but says it requires a deal of nerve to stay there as men are brought in almost daily in terribly mangled conditions.

If you want a hot water bottle, fountain or bulb, syringe, nipples or baby fittings go to Mercer's Drug and Book Store.

T. A. Schott of Danville owns three violins, which he values at thousands of dollars. The oldest was made in Italy in 1640 and another is a Stradivarius, made in 1730. The first instrument was brought to this country from France by Anthony Schott, grandfather of Mr. Schott. Then it came into possession of his uncle, Joseph Schott, and from him it descended to the present owner. The third instrument is a cello, which is 189 years old.

Sun & Fowler's beautiful production "Circumstantial Evidence" will be presented at the Opera House Tuesday evening next. This play is one of the strongest in the English language. It tells a story of genuine heart interest, and is interpreted by a company of exceptional merit. All special scenery will be used. Our people will recall the excellent minstrel performance given here by Mr. Sun two weeks ago. He promises something fine in "Circumstantial evidence," and he is one of the few theatrical managers who keep their play bill promises. Seats can be obtained at Bidleman's Book Store.

A DINNER TO WHITE

Great Men of Germany Honor Our Ambassador.

TWO HUNDRED PERSONS PRESENT.

Farewell Banquet Held in the Same Hall That Was Used Twenty-one Years Ago Upon a Similar Occasion.

BERLIN, Nov. 12.—Members of the cabinet and of the reichstag, scientists, authors, journalists, financiers and manufacturers, comprising as representative an assemblage as Berlin has seen in years, gave a dinner last night at the Kaiserhof in honor of former Ambassador Andrew D. White. Home Secretary Posadowsky-Wehner presided. More than 200 persons were pres-

ANDREW D. WHITE.

ent. The dinner was given in the same hall that was used twenty-one years ago upon the occasion of a similar dinner to Mr. White.

Professor Harnack eulogized the spirit of Mr. White's work on the conflict of science and theology and said the Prussian Academy of Sciences was proud to number the author of this book among its members. "Scholars are seldom diplomats, and diplomats are seldom scholars, but you," said Professor Harnack, "stand on the list with Wilhelm von Humboldt, Niebuhr, Bancroft and Waddington. The United States, like Germany, has its face turned toward the light."

While Mr. White spoke in reply to Count von Posadowsky-Wehner and Professor Harnack Professor Mommsen left his seat and stood at Mr. White's side, listening to every word he said and nodding his head in approval. Professor Mommsen, who is considered the most eminent living German, presented an extraordinary figure with his long white hair falling over an old fashioned broad linen collar and his bosom covered with decorations from all countries.

Mr. White said: "As I look over this assemblage, representing so much that gives strength and honor not only to this city, but to the empire; as I recall the personal assurances which have been made to me and the greetings which have come to me during the past week not only from Germans at home, but from Germans beyond the seas, I can only thank you all, both those present and those absent, from the depth of my heart and assure you that so long as my life shall last the remembrance of these days will remain among my most precious possessions."

Phonograph For Funeral Service.

LEAVENWORTH, Kan., Nov. 7.—A phonograph was used in place of a choir to furnish music at the funeral of Daniel P. Williams here. The Rev. Samuel Pearson, pastor of the First Congregational church and one of the most prominent preachers in the city, was called upon to officiate at the service, and as it was too late to obtain a choir Mr. Pearson went to a music store and obtained a phonograph and two records, "The Holy City" and "Jesus, as Thou Wilt." In the course of the service the phonograph rendered these hymns.

Alaska's Gold Output.

WASHINGTON, Nov. 7.—Mr. Roberts, the director of the mint, has made public his final statement of the gold output of Alaska for the last ten months. These figures, which are based on the receipts at San Francisco, Seattle and the Selby refinery, show a total of $18,870,075, as follows: Klondike (Canadian), $13,861,095; Nome, $5,008,980. This total is something over $4,000,000 in excess of the Alaska output for the entire calendar year 1901, the figures for that year being $14,075,075.

A Big Crop of Potatoes.

WASHINGTON, Nov. 11.—The preliminary estimate of the yield per acre of potatoes is 95.4 bushels against an average yield per acre of 65.5 bushels in 1901, 80.8 bushels in 1900 and a ten year average of 75.9 bushels. Of the states having 100,000 acres or upward a potatoes all except New York and Michigan report a yield per acre considerably above their ten year averages. The average as to quality is 90.4 per cent as compared with 78.4 per cent in November last.

Steamer Wrecked; Ninety-six Lost.

MELBOURNE, Nov. 11.—The British steamer Ellingamite, bound from Sydney, N. S. W., for Auckland, has been wrecked on Three Kings islands, thirty-eight miles northwest of New Zealand. Forty-one of those on board the steamer were saved, and ninety-six are missing. The steamer Ellingamite belonged to Huddart-Perker & Co. of Melbourne. She was used in the general passenger and mail service carried on by this company between the colonies and along the coast of Australia.

MARKLE MINES OPEN.

All of the Employees Save Thirteen Reinstated.

HAZLETON, Pa., Nov. 11.—G. B. Markle & Co. and their 2,500 men who refused to return to work because they were asked to make individual application for their positions have come to an agreement, and operations at the four Markle collieries were resumed this morning.

The company offered to reinstate all the employees except the thirteen recently evicted and not to discriminate against members of the union on condition that the men agree to abide by the decision of the arbitration commission and answer questions as to their age and other details before resuming their places. These terms were accepted. The thirteen evicted employees who will not be taken back according to the company officials under any consideration will be provided for by the United Mine Workers. Among this number are the president, the secretary and the treasurer of the Jeddo local union.

Another Mining Difference Settled.

HAZLETON, Pa., Nov. 12.—The trouble at the Silver Brook colliery of J. S. Wentz & Co., where the men refused to return to work unless taken back in a body, has been satisfactorily settled, and the mine was started up this morning. The settlement was effected at a conference between Thomas Righter, a member of the company, and a committee of the men, all of whom, with the exception of two, will be reinstated by the company. These two will be taken on as soon as the company finds room for them. The company has also agreed to give the employees occupying its houses ample time in which to pay their back rent and coal bills. About 450 men are employed at Silver Brook.

GENERAL CHAFFEE RETURNS.

Governor Wright Also on Board the Transport Sumner.

SAN FRANCISCO, Nov. 11.—The United States transport Sumner has just arrived from the Philippines after a most stormy and perilous voyage. Shortly after leaving Yokohama the vessel encountered a typhoon. Boats were smashed, portions of the rigging carried away, and at the height of the storm a launch was torn from its fastenings and struck with terrific force the stateroom of Mrs. Chaffee, wife of General Adna R. Chaffee. She was ill when she boarded the vessel, and the shock prostrated her.

On board the transport were General Adna R. Chaffee and his wife, Vice Governor Wright of the Philippines, accompanied by Mrs. Wright; Captain J. P. Lindsley, Lieutenant Roy B. Carper, Major J. L. Phillips, Major William H. Arthur, Judge James H. Blount of the Philippine insular government, Lieutenant Colonel James T. Kerr and his wife and a large number of officers' wives returning home.

General Chaffee has been absent from this country for over three years, in which duty called him to Cuba, China and the Philippines.

"When I left Manila," said the general, "everything was proceeding in a most satisfactory manner. I could not be more pleased with the situation. Civilization has accomplished wonders, and the natives are fast recognizing the institutions of this government and meeting them with a more friendly spirit."

DECISION TO STAND.

Uncle Sam Will Abide by the Ruling of King Oscar.

History of Controversy Which Had Its Origin in Far-Off Samoa and Now Has Been Settled at Stockholm.

The ruling of King Oscar of Sweden and Norway, in the Samoan controversy, against the United States and Great Britain and in favor of Germany, is hailed with some surprise by many papers. The decision "is staggering, to put it mildly," declares the Brooklyn Eagle; and the New York Tribune says it is "surprising and inexplicable." The decision holds that the landing of marines on April 1, 1899, at Apia was not justified, and that, in consequence, the governments of Great Britain and the United States must pay the complainants for their loss. How the division of payment between the United States and Great Britain will be made does not seem to be known in the state department, but it is believed that it may have to be arranged by a special agreement between the two countries. The origin of the controversy is told briefly in the following paragraph taken from the New York Tribune:

"The dispute now decided grew out of the concerted action of Rear Admiral Kautz, of the United States navy, and Capt. Sturdy, of the British navy, in leading a combined American and British force at Apia on April 1, 1899, for the purpose of making a reconnoissance and breaking up Mataafa's supporters, who were in rebellion against the recognized government. It was on this occasion that Philip Landsdale, the executive officer of the Philadelphia, Ensign J. R. Monaghan and two enlisted Americans, and Lieut. Freeman and two British sailors were killed. Surgeon Lung, now President Roosevelt's physician, was

the medical officer of the landing party. The United States ship Badger was promptly sent to the scene, carrying an international commission composed of Bartlett Tripp, representing the United States; Baron von Sternberg, the German commissioner, and C. N. Elliott, the British commissioner. Claims amounting to nearly $30,000 were filed by German, French, British and American residents on account of damages caused by the landing party. As the chief result of the investigations of the commission, the tripartite agreement of 1889 was abrogated, the islands being divided between the United States and Germany, while Great Britain withdrew. A convention was signed at Washington on November 7, 1899, submitting the claims of Samoan residents to the king of Sweden and Norway for arbitration, the main questions being whether the military action of the United States and Great Britain had been warranted."

"The sum is insignificant," remarks the New York Times, "but the position taken by the king of Sweden and the principles which appear to have guided his judgment would be of the more serious importance if they were to be considered as establishing a precedent." "The United States will take its own medicine, even though the flavor be unpleasant," comments the New York Tribune. It adds: "In the whole history of international arbitration the United States has fared so well that it can easily afford to accept with good grace this minor defeat. There will be no begrudging Germany her victory, any more than there will be in Germany any doubt of the good faith of the United States."

When a Man Is Drunk.

An English magistrate has added another to the many judicial dicta on the subject of how to test whether a man is drunk or not. "Were you drunk?" asked counsel of a witness in a case at Norwich. "Well, I knew what I was doing," replied the witness. "Ah," interrupted the recorder, "when a man is drunk and knows that he is drunk, then he is not drunk; but when he is drunk and does not know that he is drunk, then he is drunk, indeed."

Justice Married Himself.

Justice of the Peace Henry Bundy, of Jersey City, recently married Mrs. Mary Becker, and the ceremony was performed before a mirror. The bridegroom officiated as the minister, and, looking in the glass, asked the usual questions of his own reflection, and answered them himself. Then he pronounced the couple man and wife, kissed the bride twice, once for the justice, and once for the groom, and then started on his honeymoon trip.

PAID FOR HIS MEAL.

Senator Hoar Is Averse to Deadheading His Way Through This Strenuous World.

An elderly and dignified man appeared one morning recently in the office of a railway passenger agent in the city of Boston, according to the Brooklyn Eagle. The official he wanted to see was out.

"Perhaps," suggested the visitor to the lordly office boy, "you can direct me—"

"No," replied the magnate thus addressed, "I kin do nothin'. No one here gives passes 'cept the boss. You'll have to wait until he comes in."

At this juncture one of the clerks

SENATOR G. F. HOAR.
(One of the Grand Old Men of the Country We All Love.)

recognized the caller as Senator Hoar and offered his services.

"I wish to ascertain," said the senator, "to whom I owe the price of a meal for which I forgot to pay yesterday when I left the dining car at Worcester. Some one had to pay for what I ate and I want to reimburse him."

"Oh, that's all right, Mr. Hoar," returned the clerk. "I guess we need not bother about the matter."

"No, it isn't all right and we will bother about it," replied the senator. And he made the clerk search the office records, with the result that the name of the waiter responsible for the collection of the check was duly ascertained. Then, with as much evident satisfaction as though he had succeeded in getting an important bill through congress, the senator paid the clerk $1.50, to be credited to the waiter.

GRAND ARMY INAUGURAL.

Commander in Chief Thomas J. Stewart Asks the Cooperation of All Comrades.

Thomas J. Stewart, who was elected commander in chief of the Grand Army of the Republic at the national encampment of that organization recently held at Washington, D. C., has issued a general order announcing that he has formally assumed the duties of his new office. In his inaugural address to members of the veteran organization he says:

"The active aid and cooperation of every comrade in the organization is invoked to the end that the Grand Army of the Republic shall continue to encourage patriotism and love of country, shall keep alive and strong the fraternal ties of comradeship and thus by individual earnestness and ac-

tivity be a power for good in the land and be helpful to those of our comrades who may need and are entitled to our aid and encouragement."

Commander Stewart announces the following appointments to his staff:

Adjutant general—John W. Schall, post No. 11, department of Pennsylvania.

Quartermaster general — Charles Burrows, post No. 28, department of New Jersey.

Assistant adjutant general—J. Henry Holcombe, post No. 51, department of Pennsylvania.

Commander Stewart has designated Independence hall, Philadelphia, as his headquarters.

First Aid to the Injured.

Novel first-aid-to-the-injured boxes are to be scattered in the streets of Paris. Outwardly the apparatus resembles a lamp-post letter box, and it contains a small medicine-chest, a folding stretcher and a telephone for signaling the nearest ambulance station. Access to the box is gained by breaking a glass panel.

Space Cleared by Racers.

A race horse galloping at full speed clears from 20 to 24 feet at every bound.

WHEN LIFE'S AT STAKE

The most timid man will take any chance of escape. The slender rope dropped down the precipice, the slippery log over the abyss, anything that offers a chance of life, is eagerly snatched at. The end the man seeks is safety. He cares nothing for the means to that end.

There are thousands of men and women whose lives are at stake, who are hindered from accepting the one means of safety by foolish prejudice.

Doctor Pierce's Golden Medical Discovery has been the means of restoring health to many men and women whose hollow cough, bleeding lungs, emaciation and weakness seemed to warrant the statement of local physicians—"There is no cure possible." Why should prejudice against a put-up medicine hinder you from trying what has cured thousands of suffering men and women?

"Only for Dr. Pierce's Golden Medical Discovery I think I would be in my grave to-day," writes Mr. Moses Miles, of Hilliard, Uinta Co., Wyoming. "I had asthma so bad I could not sleep at night and was compelled to give up work. It affected my lungs so that I coughed all the time, both day and night. My friends all thought I had consumption. My wife had taken Dr. Pierce's Favorite Prescription and it had helped her so much she insisted on my trying his 'Golden Medical Discovery'—which I did. I have taken four bottles and am now a well man, weighing 185 pounds, thanks to Dr. Pierce's Golden Medical Discovery."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose.

AN ENGLISH AUTHOR WROTE: "No shade, no shine, no fruit, no flowers, no leaves,—November!" Many Americans would add "no freedom from catarrh," which is so aggravated during this month that it becomes constantly troublesome. There is abundant proof that catarrh is a constitutional disease. It is related to scrofula and consumption, being one of the wasting diseases. Hood's Sarsaparilla has shown that what is capable of eradicating scrofula, completely cures catarrh and taken in time prevents consumption. We cannot see how any sufferer can put off taking this medicine, in view of the widely published record of its radical and permanent cures. It is undoubtedly America's Greatest Medicine for America's Greatest Disease—Catarrh.

Sillicus—"A woman is never at a loss for words." Cynicus—"Nonsense! Did you ever give one your seat in a crowded car?"

Putting food into a diseased stomach is like putting money into a pocket with holes. The money is lost. All its value goes for nothing. When the stomach is diseased, with the allied organs of digestion and nutrition; the food which is put into it is largely lost. The nutriment is not extracted from it. The body is weak and the blood impoverished.

The pocket can be mended. The stomach can be cured. That sterling medicine for the stomach and blood, Doctor Pierce's Golden Medical Discovery, acts with peculiar promptness and power on the organs of digestion and nutrition. It is a positive cure for almost all disorders of these organs, and cures also such diseases of the heart, blood, liver and other organs, as have their cause in a weak or diseased condition of the stomach.

Mrs. Buggins—"Does your husband say grace at the table?" Mrs. Muggins—"Yes, he thanks the Lord, but he seldom forgets to find fault with my cooking."

IN REPLY TO INQUIRIES we have pleasure in announcing that Ely's Liquid Cream Balm is like the solid preparation of that admirable remedy in that it cleanses and heals membranes affected by nasal catarrh. There is no drying or sneezing. The Liquid Cream Balm is adapted to use by patients who have trouble in inhaling through the nose and prefer spraying. The price, including spraying tube, is 75 cents. Sold by druggists or mailed by Ely Brothers, 56 Warren Street, New York.

Mrs. Newlywed was doing her marketing. "How are your kidneys this morning?" she asked the butcher's boy. "Fine," replied the boy. "How's yours?"

20 YEARS OF VILE CATARRH.—Chas. O. Brown, journalist, of Duluth, Minn., writes: "I have been a sufferer from Throat and Nasal Catarrh for over 20 years, during which time my head has been stopped up and my condition truly miserable. Within 15 minutes after using Dr. Agnew's Catarrhal Powder I obtained relief. Three bottles have almost, if not entirely, cured me." 50c.—37.

Blobbs—"Here's a piece in the paper about a fellow who got six months for stealing a loaf of bread." Slobbs—"Great Scots! Suppose he had stolen a bucket of coal!"

HEART-SICK PEOPLE.—Dr. Agnew's Cure for the Heart is a heart tonic that never fails to cure—is swift in its effects—goes closer to the "border land" and snatches from death's grip more sufferers than any other remedy for any family of diseases and ailments in the category of human sufferings. Gives relief in 30 minutes.—38

Hoax—"I won a jack pot in a poker game last night with a pair of aces, although someone else held a tray full." Joax—"How was that?" Hoax—"Well, you see it was a waiter, who came in with the tray full."

LIFE'S A BURDEN—If the stomach is not right. Is there Nausea? Is there Constipation? Is the Tongue Coated? Are you Light-Headed? Do you have Sick Headache? Any and all of these denote Stomach and Liver Disorder. Dr. Agnew's Liver Pills act quickly and will cure most stubborn and chronic cases. 40 in a vial for 10 cents.—39

POPULAR IN MEXICO.

Gen. Bernardo Reyes, Secretary of War of the Republic.

Should President Diaz Decline a Re-election He Would Be Chosen Chief Executive Almost Unanimously.

In two years the term of Porfirio Diaz as president will expire, and it is given out as an absolute certainty that he will then leave public life. Diaz is now past 70 years of age.

This announcement leads to the question: Who will succeed Diaz? There are numerous politicians who are eager to enter the race for the nomination. But the man who occupies the presidential chair will have to be a protege of the Diaz party, which is a powerful organization of reformers. The party has held absolute sway in Mexico since 1876, when Diaz squelched the last serious rebellion.

The knowing politicians have already picked out the man whom they say Diaz will support. He is Gen. Bernardo Reyes, the present secretary of war. In almost every respect Reyes is a second Diaz. He is a self-made man. He has shown himself to be dauntless in battle. He never forgives an enemy and never goes back on a friend. Reyes is strongly opposed to gambling in any form, or drinking. So is Diaz. Between them they have succeeded in checking, to a large extent, the gambling and drinking in the Mexican army.

Reyes has devoted his life to the interests of his country. Before he was 16 years old he ran away from home to fight the French when they invaded Mexico. He took part in all the succeeding struggles and was promoted to his present rank for bravery on the field.

Reyes is more popular in the state of Nuevo Leon than in any other part of Mexico. He has spent most of his life here and has helped this state in many ways. Reyes was born in Guadalajara, in the state of Jalisco, on August 20, 1850. His parents were the descendants of a distinguished Spanish family that settled in Jalisco during the eighteenth century.

GEN. BERNARDO REYES.
(Porfirio Diaz' Probable Successor as President of Mexico.)

When he was seven years old Bernardo was sent to one of the public schools in the city, and after he had acquired a knowledge of arithmetic, reading and writing he entered a higher institution of learning. As a scholar young Reyes was quiet, performed his work diligently and rose rapidly. Although a sturdy lad, he never mixed up in the quarrels among his associates, and owing to this they soon began to look upon him as a coward.

One day a lad who had vanquished the best fighters in the school and, elated over his success, was seeking more trouble, approached young Reyes.

"You act so old and mannish that I would like to whip you," said the bully. Reyes wheeled about and faced him, but did not reply.

"I think the first thing I will do will be to kick you, and then, if you want to fight, we'll have it out, but I don't believe you've got any fight in you," he continued. Young Reyes didn't wait to be kicked. He first smashed the bully in the face, knocking him down; then he jumped upon him and began punching until he yelled for mercy.

The same policy has always been pursued by Reyes the man. If anyone tries to assail his methods he strikes back quick and hard.

Gen. Reyes gained his great popularity in the state of Nuevo Leon in an odd way. In 1885 a revolution over local elections broke out in the state and Diaz called upon him to stop the trouble. Reyes hastened to Monterey, silenced the disturbers within a few days, and then reported to Diaz. The president of the republic was so pleased over this that he appointed the general military governor of the state, a position he held until 1895.

During this time the people of Nuevo Leon had become so attached to Reyes that a delegation of prominent men begged him to run for office. He was made a citizen of the state and was elected governor by an overwhelming majority. He held this office until two years ago, when he was appointed secretary of war.

THE KING OF SIAM.

Oriental Potentate, Who Will Visit Us Soon, Is a Truly Progressive Monarch.

Chulalongkorn I., king of Siam, has long been contemplating a visit to the United States. The crown prince is at present making a tour here, and his father has definitely announced his intention of coming over in January next.

His majesty Chulalongkorn—or we may be permitted to say his royal hairpin, as that is precisely what chu la long korn means—was born September 1, 1853, and at the age of 15 he succeeded to the throne upon the death of his father. Then, according to Siamese custom, he went into novitiate for the priesthood for two days. In 1873 he was again crowned, and here, seated upon his magnificent throne, he released his courtiers from the time-honored custom of appearing in their sovereign's presence on hands and knees. This was the beginning of his doing away with many rigid and ridiculous court rules. Formerly the king was regarded as a sort of semi-divine being. He dressed as no one else did and he used words which no one else was allowed to utter. King Chulalongkorn attires himself in ordinary dress and knows how to make himself generally agreeable. He is unusually studious and progressive, and has during his reign introduced a privy council, a cabinet, and a legislative council. There is a noticeable lack of dogmatism in all his decisions.

THE KING OF SIAM.
(Known in His Country as "His Royal Hairpin.")

To insure the greatest degree of welfare for his people the king is continually sending his officials on investigating excursions, and if in the course of their travels they find any hints which may be of advantage to Siam, he heartily cooperates in any feasible project. Not only is he educating his sons abroad, but he is maintaining 90 other young men who are studying some one of the professions. He himself is an extensive traveler.

Siam, on account of its central position in relation to neighboring states, its influence over them and its maintenance of its own native government, has been called the "Heart of Further India." It invites foreign trade and would undoubtledly prove a good market for any American who might be enterprising enough to attempt a furtherance of commercial intercourse.

OLD FORT PUTNAM.

Ruins of Famous Revolutionary Fortification Still in Existence Near West Point.

When the revolution had become a foregone conclusion, the importance of fortifying the Hudson river at its narrow passes among the Highlands was suggested to the continental congress by the provincial assembly of New York, and on the 6th of October, 1775, the former directed the latter to proceed to make such fortifications as it should deem best. In pursuance of these directions, says the Four-Track News, a number of forts were erected at various points. In March following, it was determined to erect a strong fort at West Point, and under direction of Kosciusko, the famous Pole, Fort Clinton was built. To further defend Fort Clinton and command the river, a strong fort was erected on Mount Independence and called Fort Putnam in honor of Gen. Israel Putnam, commander of the post. After the revolution the old fort was almost destroyed by people in the neighborhood using the material for building purposes, but in 1824, the government bought the land on which it stood, and the picturesque ruins of the old fort remain to this day, as one of the most attractive spots about West Point.

The Drinking Cup Must go.

Drinking cups were tabooed by the Board of Education recently, says the Chicago *Tribune*, and the Committee on Buildings and Grounds was instructed to submit to the board a plan for establishing drinking fountains in the schools where the children may drink without "placing their lips to any vessel" at such time as the water supply is turned on again. The resolution which is expected to sound the knell of the rusty and possibly infected tin cups which are chained to the spigots in every public school in the city was introduced by Trustee Kuflewski. The resolution read as follows:

WHEREAS, The use of drinking cups at fountains and public drinking places where persons suffering from infectious diseases, such as tuberculosis, diptheria, follicular tonsilitis and other dangerous diseases, drink in common with the general public, by placing the lips to the vessel, is recognized as a means of disseminating disease and a menace to the general public health; therefore, be it

Resolved, That the Committee on Buildings and Grounds be and is hereby instructed to prepare and submit to this board a plan for a drinking fountain to be used at all the public schools that will provide a method of taking water without placing the lips to any vessel. Such plan to include a constant stream of water in such quanities as will assure a sufficient amount for drinking and cleaning purposes.

Mr. Kuflewski recommended that the children be required to resort to the crude methods of drinking in use by the day laborers, by placing the mouth to the running stream.

"It is imperative that something be done," he urged, "as it is certain that much disease is spread through the agency of the drinking cup."

It is pretty near time, says an exchange, that the postoffice authorities went to the aid of the unsuspecting creatures who will insist upon sending $1 to firms advertising to pay $20 a thousand for copying letters at home. Some have found in various parts of the country, that the letters were so long that in order to copy a thousand it would take about 20 weeks. The scheme is a bunco game from beginning to end and enough reports have been received to get evidence enough to pinch the operators of the scheme.

THE STATE AT A GLANCE.

—Forest fires, supposed to be the work of coon hunters, are raging on both branches of the Blue Mountains near Lewistown, destroying many acres of young chestnut, cultivated for stave making.

—Some idea of the size of the Wayne county apple crop may be gained from the fact that one shipper, Cortright & Son, has thus far shipped 80 carloads, or 16,000 barrels, and still has on hand 20,000 barrels.

—The famous Kutztown Fair has likely seen its last exhibition. Jacob Heffner, who died a year ago, was part owner of the fair grounds, and now the grounds must be sold to settle up his estate. The fair was not such a great financial success as to warrant the managers purchasing the grounds.

—Never before in its history has there been such a great scarcity of labor, especially female help in Reading. Almost daily half a dozen industries advertise for girls, and there is much demand for them in the city's various confectionery establishments, hosiery mills, cigar manufactories, etc. In every instance they are paid fairly good wages.

Death of Miss Margaret Vannatta.

Miss Margaret Vannatta, aged seventy-six years, died at the home of Mrs. M. E. Walker, in Wilkes-Barre, Friday morning. Heart disease was the immediate cause of death, though she had been in failing health, owing to advancing years, for some time past. Miss Vannatta formerly resided in Bloomsburg, making her home with her sister, Mrs. C. F. Knapp, on Normal Hill. Shortly after the death of Mr. Knapp, a few years ago, she went to Wilkes-Barre, where she remained until the death angel claimed her on Friday. She was a good christian lady, and a consistent member of the Episcopal Church. The remains were brought to Bloomsburg Monday morning, and taken to the home of her niece Mrs Bodine, from which place the funeral was held at two o'clock in the afternoon. Services were conducted by Rev. D. N. Kirkby. Five members of St. Paul's Episcopal Choir sang "Asleep in Jesus," and "Lead Kindly Light," after which the remains were conveyed to Rosemont Cemetery and interred in the family plot.

Among the out of town relatives who attended the funeral were Mrs. George S. Robbins of New York, Mr. and Mrs. M. E. Walker, and two sons, Harry and Day. Mrs. Kruger and daughter, Miss Jewell, Mrs. Gamble and Mrs. Morris Ellenbogen of Wilkes-Barre.

Rev. J. D. Smith of the Baptist church performed a marriage ceremony last evening when he united in the holy bonds of matrimony, Miss Myra L. Conner of Benton and William M. Rupert of Bloomsburg. The event occurred in the young couple's newly furnished home on Catharine street and was attended by a large number of relatives and intimate friends.

Thanksgiving Services.

Services will be held in St. Paul's Episcopal church on Thanksgiving Day, at 10:30 a. m. Also in the Reformed church where Rev. Dr. Hemingway will preach, and in the Presbyterian church, where Rev. J. D. Thomas will preach.

Royal Arcanum Benefits.

Proof of the death of the late Prof. I. W. Niles was made on October 30th, and on November 10th the Royal Arcanum forwarded to the widow a check for $3000.00, the amount of his certificate in that order.

A Sad Death.

Mary Naughton, aged nineteen years, daughter of James Naughton of Centralia, died in great agony on Sunday from the effects of burns received the night before. The young woman was mentally weak, but able to attend to the household duties for her aged father with whom she lived. On Saturday evening she went to the cellar for the purpose of securing potatoes for the evening meal, carrying with her a lighted lamp. She set the lamp on the cellar floor and her clothing coming in contact with it she was soon in a mass of flames and ran screaming to the upper portions of the house. When found by the neighbors who rushed to her assistance, she was frightfully burned. Dr. Davis, of Centralia, was summoned and did what he could to allay her sufferings until death came to her relief. Much sympathy is expressed for her aged father in his sad affliction.

We carry a nice assortment of Twelve Mo. Books bound in cloth for 19c. Some of the more popular titles are Robinson Crusoe, Black Beauty, Black Rock, John Halifax, Arabian Nights, etc., at Mercer's Drug and Book Store.

Rev. Dr. Silas C. Swallow has tendered his resignation as superintendent of the Methodist Book Rooms in Harrisburg, to take effect at the close of the conference year, in February. Dr. Swallow gives as his reasons for his resignation the fact that he is 66 years of age and is tired of the exacting routine of the establishment. He says he prefers to be free to make speeches when called upon, to deliver lectures and do as he likes generally.

John W. Vogel's big minstrels gave good satisfaction to a capacity audience in the Opera House Monday evening. Mr. Vogel regretted very much that he could not put up the "Millionaire Outing" scene in the first part, owing to the fact that the grooves were too low. The setting however, was very nice, and the show thoroughly enjoyable. The band and double symphony orchestra were the finest that has visited Bloomsburg with a theatrical organization in many years.
